Non-GMO Verification

WOWBUTTER Foods tests quarterly for the presence of Genetically Modified Organisms (GMO's) at the Agriculture and Food Laboratory at the University of Guelph in Ontario Canada, which is accredited by the Standards Council of Canada. They will not allow us to provide the actual certificate on our website, so alternatively we are providing the information in this format. This 3rd party lab verification shows our commitment to using all NON-Genetically Modified Ingredients.

Test Date	Production Date of Sample	Result – GMO Test Semi-Quantitative
January 7, 2014	December 19, 2013	Not Detected
April 9, 2014	March 26, 2014	Not Detected
July 8, 2014	June 17, 2014	Not Detected
October 7, 2014	September 30, 2014	Not Detected
January 19, 2015	January 14, 2015	Not Detected
April 6, 2015	March 27, 2015	Not Detected
July 8, 2015	July 1, 2015	Not Detected
